

MicroBiotec'13: Poster Sessions and Topics

Poster Sessions	Topics	Nº of posters	Scientific supervision
S1 - Industrial and Food Microbiology and Biotechnology	Biocatalysis & Biotransformation Food Microbiology & Biotechnology Industrial Microbiology & Biotechnology	97	SPM + SPBT joint session
S2 - Environmental Microbiology and Biotechnology	Environmental Microbiology and Biotechnology Microbial Ecology	77	SPM + SPBT joint session
S3 - Health Microbiology and Biotechnology	Clinical Microbiology Epidemiology Health Biotechnology Drug Resistance Targets and Biotechnology Pharmaceutical Biotechnology	72	SPM + SPBT joint session
S4 - Molecular Microbiology and Microbial Physiology	Epigenomics Microbial Physiology Molecular Microbiology	36	SPM session
S5 - Bioprocess engineering	Bioprocess engineering Downstream processing Renewables, biofuels and bioenergy	38	SPBT session
S6 - Cellular Microbiology and Pathogenesis	Host-Pathogen Interactions Microbial Pathogenesis	23	SPM session
S7 - Genomics and Systems Biology	Bioinformatics Comparative Genomics and Evolution Functional Genomics Synthetic Biology Systems Biology	19	SPM + SPBT joint session
S8 - Emergent technologies	Cell culture, Stem Cell and Tissue Engineering Bionanotechnology	13	SPBT session

Black – SPM+SPBT; Red - SPM; Blue – SPBT
